

Do you have trouble breathing when it is hot outside?

Do you need help paying your electric bill this summer?

If you answered yes to any of these questions, you *may* qualify for the Home Energy Assistance Program Summer Crisis Program (HEAP SCP).

The SCP begins July 1 and runs through September 30. The SCP is designed to help qualified households pay for summer cooling. Through the SCP, eligible households can receive a one-time payment on electric bills AND/OR a fan or an air conditioner. Air conditioners and fans are available on a limited basis and will be given out on a first come, first served basis.

Households must have a gross income that falls at or below 175% of the federal poverty level AND meet one of the following eligibility criteria: a household member who is over the age of 60; provide original physician documentation of medical necessity; have a disconnection notice; have a household member who has tested positive for COVID-19; or needs help paying their first PIPP payment or PIPP default. We cannot pay current PIPP payments. Copays may be required.
